In light of the decision from the Board of Appeals and Interferences rendered 04/08/2005 that the mere fact that the prior art could be modified would not have made the modification obvious unless the prior art suggested the desirability of the modification. The prior art of record fails to disclose, teach and/or suggest a desirability to modified the machine of Simhaee by having provided a pair of spaced apart, horizontally extending rollers for supporting a roll of film such that the film is fed in a generally downward direction from the roll past the air injector tube and the sealing unit.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
